Does your dog have any health issues or anything else that we should be made aware of?					

Client's Name:

Dog's Name:

Is your dog allowed treats whilst in our care? Yes No

Please read our policies below and sign and date at the bottom.

Emergencies: In the event of an emergency I authorise Shaggyz to immediately seek veterinarian attention for my dog at my expense. I understand that efforts will be made to contact me in the event of any emergency.

Coat condition: I understand that if my dog's coat is matted, there is an increased risk of clipper burn or cuts to occur. This is due to the difficulty of attempting to get a sharp clipper blade between the skin and the matts. I understand that the groomer cannot be held responsible for such occurrences, although they will take all necessary precautions to prevent these.

Disclaimer: Other than as stated above, I confirm that my dog is fit, healthy & fully vaccinated. I agree that Shaggyz will not be held liable or responsible for irritation, abrasion, patchiness or hair-loss due to any pre-existing skin condition, or as a result of the process of grooming, or any mishap caused by non-disclosure of my dog's medical condition or behaviour. If my dog bites or attempts to bite any person or other animal, a muzzle may be used, or at the discretion of the groomer treatment may stop and I will pay for all work undertaken to that point and will pay the full cost of all damages and expenses my dog has caused. I will endeavour to collect my dog at the agreed time. If my dog's coat is so matted that the agreed style cannot be achieved, I agree that the groomer may clip extremely heavily matted areas as they deem appropriate for the welfare of my dog. If my dog harbours parasites, clear them at my expense. I confirm that all the facts I supplied above are true.
